**Re: Law Society Arbitration Panel**

Dear Sir,

Thank you for your letter of the 29<sup>th</sup> May re the above.

I would be delighted to remain on the panel, and indeed congratulate the Law Society for its continued generosity in having non-members of the Society on this highly regarded panel.

As regards my experience in arbitration in the past three years, I have been appointed as sole arbitrator in five arbitrations, two of which settled soon after appointment, one settled just before the hearing and two are active and at pleadings stage.

As you can see from my CV, I am a member of the Irish Government's construction adjudicators' panel and have recently completed an adjudication under the Act.

I have previously been appointed by the Law Society and Engineers Ireland as an expert determiner.

My involvement in seminars, and so on, in the past twelve months is set out on the attached document.

I confirm that the attached CV, details of my profession and contact details can be published on your web-site.

Thank you for the invitation to remain on the panel. It is much appreciated.

Yours sincerely,

---

**Joe Behan**
